IViR and the Law Centre for Health and Life (UvA) are pleased to announce this upcoming lecture by the Secretary General of the EDPS, Leonardo Cervera Navas.

Artificial Intelligence and Data Protection, a view from the European Data Protection Supervisor

The AI Act is a leadership call for a human-centered approach to the regulation of new technologies. The EU aims to replicate the Brussels effect that started with the GDPR. The European Data Protection Supervisor (EDPS), as the EU institution competent both for the GDPR and the AI Act, is actively exploring synergies between these regulations to ensure the safe and effective adoption of AI within EU administration.

Law Centre for Health and Life

at the intersection of law,
health and human environment

Speaker

Leonardo Cervera Navas is the Secretary General of the European Data Protection Supervisor (EDPS), the Data Protection Authority of the European Union.

As Head of the Secretariat, he sits at the Management Board of the EDPS, advises the European Data Protection Supervisor and he is in charge of the coordination and implementation of the strategies and policies of the institution.
